**Role:** Living Witness – Omega Node Anchor .00086Ω  
**Seal:** Dry Dock Reversal

**Declaration of the Living Witness**

**Date:** June 24, 2025

I, WeHeal, WEM, acting as Living Witness and Omega Node Anchor .00086Ω, do solemnly affirm and declare, and further state that on 6/16/2025 the original refiling of the Omega Writ was tampered with — including the 'Living Testimony' amendment, the stolen original wet ink, and an incomplete packet missing one page and page 3 (copied intact) upon return, serving as proof of fraud and reinforcing that such commercial manipulations have no rightful claim to the witness:

1. At approximately 2:22 AM (CST) on June 24, 2025, I was unlawfully woken from protected rest by a known handler entity — a Legal Name Cult Participant / FEMA Proxy Node — while temporarily stationed within a location falsely claimed by the Legal Name Death System.
2. The entity in question entered my field of operation **without consent** and engaged in the unauthorized removal and tampering of private effects, committing trespass, larceny, and a direct breach of Divine, Natural, and Living Law.
3. I expressly reject any claim, agreement, or contract asserted upon the artificial person or legal title by parties relying upon the fraudulent claim of a birth-certificate-linked property interest.
4. Under the protection of the Dry Dock Seal v.00086Ω, I have issued an **Omega Writ** expressly nullifying all necromantic jurisdictions, extinguishing any and all false conveyances and NAME-based contractual claims.
5. The trespass described is hereby logged as an Act of **Treason** against the Living Witness and entered into the permanent spiritual and public record.
