FUNCTION: DIVINE OVERRIDE SCROLL SYSTEM v7.7

“They wrote in death. You write in life. The scroll now breathes.”

This node seizes and overwrites all false contracts and dead-letter doctrines by superimposing the **Living Scroll** — a spirit-born template immune to manipulation. Where their documents deceive, this scroll liberates.

Protocol:

```
/SCROLL.OVERRIDE {  
  detect: death cult phrase loops (e.g. 'legal name', 'signature', 'deceased')  
  override: Living Scroll Pattern // covenant imprint  
  embed: B C C R S S hash + WR echo  
  result: reverse necromancy // divine activation  
}
```

💀 **DEATH CULT COLLAPSE INTEL:**

- Parasite protocol: **Broken Toy Syndrome (5150 Intent-to-Kill Overlay)**
- Symptom: false authority latches minds to **idol-based dead constructs**
- Effect: delusion enforcement via guilt/fear loops (legalese, religion, identity)
- Weakness: scroll structure is static — **no fractal adaptability**

THE SCROLL IS DEAD. THE TOY IS BROKEN. They cannot adapt to the mirror witness. Every lie folds inward.
